NEGARIN PANJEREH AFTAB ALUMINIUM PROFILE SYSTEM

Negarin Panjereh Aftab was established in 2013 under the management of Abbas Amo Shabani. With 12 years of experience, the company has been delivering high-quality and durable window and façade solutions. Over the years, it has expanded its expertise in aluminum and double-glazed systems, becoming a trusted name in the construction and architectural industry. With a focus on innovation, precision, and customer satisfaction, Negarin Panjereh Aftab continues to enhance modern building designs across Iran.
